Employers Choice Health Plan

## THE VISION

To create an affordable alternative to the health insurance plans currently available to small and medium size employer groups. To utilize the self insured approach to group medical plans that have been available for years to large employer groups.

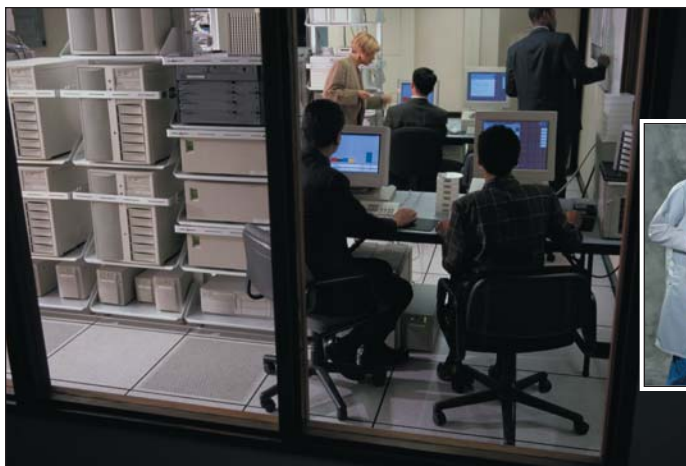

## THE MISSION

To make ECHP available, and fiscally responsible, for all employer groups, regardless of size or number of employees.

## THE RESULT

### FOR EMPLOYERS AND THEIR HEALTH PLAN PARTICIPANTS...

- Very Competitive Cost
- Multiple Plan Designs
- Quality Health Care
- Extensive Provider Network
- Professional Benefit Administration

**Over 54%  
of Employers  
partially self  
insure some  
portion of  
their health  
care benefits.**

# ECHP

Employers Choice Health Plan

ECHP is a single employer self insured program that is a cost effective alternative to a traditional health insurance plan. ECHP has been designed to comply with all State and Federal statutes as they relate to single employer self insured plans. ECHP allows employers of all sizes to take advantage of benefits, and cost efficiencies which heretofore have only been available to larger companies.

AIA provides turn key administration for all types of group health plans. 96% of claims are processed within three business days, while maintaining a 98.6% claims accuracy ratio. Services include dedicated personal benefits managers, and state of the art claims processing software. Customers can access AIA through toll free phone lines and/or via the internet at [www.aigamerica.com](http://www.aigamerica.com).

ECHA is a National PPO offering combined network access to over 1.6 million medical providers nationwide. Internet access to provider directories, plus toll free provider directory assistance: 888-4PPO DOC (477-6362).

PMR is a utilization review and large claim management company. The close proximity of PMR to AIA allows for claims examiners to notify PMR when a potentially costly diagnosis arises in order to begin immediate case management.

Prescription Drug Card benefits are offered through PCN Net RX, a prescription benefit management company offering access to over 45,000 pharmacies nationwide.
